

THE OCALA BANNER

The paper "Of the People, for the People and by the People."

VOL. XXXVI, NO. 3.

OCALA, FLORIDA, FRIDAY, AUGUST 1, 1895.

DOLLAR A YEAR.

NOTE: THIS PAPER WILL NOT
PAWN AT THE FEET OF THE MAN WHO
HAS SILENTLY AND WITHOUT MERIT
REACHED THE TOP OF THE HILL; NOR
WILL IT PAWN THE MAN WHO IS GOING
DOWN.

MARY ELIZABETH HARRIS, Local Editor.

DeLand's Leader Company has
published its slogan in this country.

Meeting at East Lake, where
they spent this week recuperating.

Mrs. G. L. Nichols, of DeLand, is
the aunt of her sister Mrs. S. E.
Nichols.

Richard Nichols, of Winter Haven,
is the son of his sister Mrs. S. E.
Nichols.

Mr. Sam F. Stump and ex-Major
A. W. Woodward are candidates
for mayor of Atlanta.

Mr. Marion C. Frost, young son
of the Weatherhead hotel, Jacksonville,
has been admitted.

Will they last I will well-preserved
when home. G. W. Biggs, Ocala,
12-13

During his long vacation his plan
was to go to the primary plan in
order to improve the education system.

James Dodge Carter and Violet
Dodge will remain at Hastings the
majority of this year.

General Miller W. Gilchrist will be
a candidate for speaker of the next
legislature. He is well equipped for the
position.

The Morris Morris Council of 165
is continuing an interesting series
of meetings.

Capital-gains, rents and fees are
now being made by using Robert's
and Davis' lists, just ready each
time we publish.

Wade has purchased him an
automobile, both gas and gasoline
at the Bell Auto in favor of
gasoline for primary elections.

Our young Farmers, our little
dearly beloved Friends, where
are you? Friends and relatives—
Wellington, High Springs, Homestead.

The John Johnson, of Ocala, is
going about and relatives in the
city. He will remain a few years
in Ocala, Fla., where he will visit
friends—Death City Index.

Mr. James Raynor, who is in the
county hospital and recently
had a successful operation, is doing
well and making very splendid
progress.

Now that the rainy season is ap-
proaching, get a mosquito of Arkansas
mosquito River Tonic and ward
off mosquitoes cold and guaranteed
Tytling & Co.

Mr. W. Howard says that the finest
angler's outfit money can buy is now in
the Ocala streams and the fish are
not damaged. In a few hours, the
angler may note more than a
dozen fish.

Spoke from a informant that one
night shooting young turkeys
while down into the bushes of
the village, we may suppose to
be situated after his will, you'll
see what.

Mr. W. W. Morris, an extensive timber
and lumber firm in this state and
throughout through the city to
the mountains, where he will
cut up the ends and ends of his
timber—Death City Index.

Today and also after a two
weeks' tour in their car, Rev. E. F.
and Mrs. M. M. Mayberry made a short visit
to another son before returning to
their home in Memphis.—Fernan-
dina Record.

Mr. Wilcox of Ocala, certainly won
over to Mr. Carter, the present
state's attorney. As little as you
think it, he made the race of the cam-
paign and caused great surprise among
the old time democrats—Palatka
Times-Herald.

CLIMBING UPWARDS.

The Ocala Daily Banner has been
quite successful since its establish-
ment in January last.

Through the liberal patronage it is
receiving it pays its employees
every Saturday afternoon in bank
checks, and has established an excel-
lent credit with the paper mills and
printers' supply houses with which it
deals.

It already numbers thirteen names
on its pay roll and hopes to double
that number during the winter season.

Its industrial editions are one of its
principal features and it expects to
cover the state along those lines.

It has hired to its plant a new job
press, new type, stamping and other
machines, and its job department is
never idle.

The Banner turns its head to the
people of Ocala and elsewhere for the
generous support given it.

Preparing for the Bond Election.

The regular meeting of the city
council was held Tuesday night and its
time was entirely occupied in revising
the organization bill and making other
proposals for the bond election,

which has been called for the first
Tuesday in September.

It will be one of the most important
elections held in this city in many
years and we hope it will arrest the
thoughtful attention of every voter.

Baseball at Palatka.

The game played in Palatka Tues-
day morning by the Ocalas and De-
Land teams resulted in favor of Ocala,
the score resulting 4 to 1.

Clark and Ford were the battery for
Ocala.

The game in the afternoon between
the Oak Hills and Palatka resulted in
favor of the former by a score of
6 to 0.

Cured Paralysis.

W. S. Ball, P. O. Box, Texas
writes: "My wife had been suffering
five years with paralysis in her arm,
when I was persuaded to use Ball's
Snow Liniment, which cured
her all right. I have also used it for
old sores, frost bites, and skin eruptions.
It does the work." 25c, 50c and
\$1.00 bottle at Anti-Monopoly Drug
Store.

No More Watermelons.

The board of health of this city has
issued an order that watermelons
must cease to be sold in Ocala after
August 1st. Those who are fond of this
fruit had better buy in a supply
now.

Mr. and Mrs. J. B. Sutton reached
Ocala over the Seaboard Air Line
Tuesday. Mr. Sutton, through the
instrumentality of his wife, was re-
leased from Homerville, Ga., on bond.

It seems that while in a demented
condition, he appropriated a horse,
thinking it was his own, for which he
was arrested and incarcerated.

Mr. Sutton has the sympathy
of the people of this community who
have known him for a long time, and
no one believes that he would have
thought of committing an act of this
kind had he been in his right mind.

Seiko Hotta, of Tokio, Japan, was
registered at the Love House last Friday.
Mr. Hotta is a special agent of
the Japanese government who is visiting
this country to study the great
tobacco growing industry in America.

He made a number of trips through
the plantations of Gadsden county,
which doubtless are the most scien-
tifically cultivated tobacco fields in
the world, and he expressed himself
as being greatly pleased with what he
saw.—Quincy Herald.

Reverend C. B. Wilmer, of Atlanta,
formerly of this city, recently
preached a sermon on "Society,"
using that term in its restricted sense.
The able divine, among other things,
said: "Two things are to be said about
this. In the first place, wholesale de-
nunciation of a class never did any
good. That is not the way to reform
people. In the second place it does
no good, only harm to talk of one
class of people about the sins of an
other class."

nunciation of a class never did any
good. That is not the way to reform
people. In the second place it does

BASEBALL NOTES.

The Tampa baseball club is con-
templating making a trip through
the state at an early date to cross bats
with some of the strongest nines in
Florida. The team has been greatly
strengthened within the past few
weeks, making it now one which will
hold up Tampa's reputation in great
style.

They will start out within a short
time and will first cross bats with
Ocala, then Gainesville, Jacksonville,
etc., and it is expected that they will
make a showing of which they and
the city of Tampa may feel proud.—
Tampa Times.

For some good reason the games
between the Tampa and Ocala teams
have been cancelled, but probably ar-
rangements for those games will be
made later in the season.

The Ocala baseball team will go to
Palatka this evening on the excursion
and will play bats with the D. Land
team at the playgrounds tomorrow.

Our boys are off to a flight of success, in
which confidence is born of O. J. John.
Quite a number of Ocalans will go
up with the ball team.

This afternoon, on the Palatka
diamond, Gainesville and Palatka will
be pitted against each other. The
Oak Hills have strengthened their
team to have also the Palatkas and
it is expected that the game this
afternoon will be one of the hardest
fought contests which has taken place
on a Florida diamond this season.
Both teams are confident of success.

Gainesville will send up about five
hundred on the excursion so that the
Oak Hills will have their share of
spectators.

There is a probability that Jacksonville
and Ocala will have a game on
the Ocala diamond next week. Positive arrangements for said game have
not yet been completed, however.

Our boys had a splendid practice on
the diamond yesterday afternoon.
This was the first afternoon that the
boys have had a chance to practice in
several days on account of the rains.

Mr. Walter Engleby, the new player,
did some very pretty work, as did in
fact, all of the boys, and they feel
some success in the game with De-
Land today.

The Ocala Jumbos are expecting the
Leesburg Juniors to arrive this morning
on the excursion train and if they
come there will be an interesting ball
game on the Ocala diamond this after-
noon at 4 o'clock.

Seabreeze as a Summer Resort.

This paper desires to call special at-
tention to the accommodations for
families and large parties visiting the
sea coast offered by the Seaside Inn at
Seabreeze. This hotel offers excep-
tionally low rates for same. It has a
large number of family rooms and
separate apartments. It has nice
music and hops several times a week,
and the fishing and bathing are ex-
ceptionally fine.

At Rymen's Altar.

At the residence of Mr. and Mrs.
Booher, a few miles south of Ocala,
Mrs. Laura Gaines and Mr. J. S.
Gaines, of Dunnellon, were married
Monday at 11 o'clock, Rev. Howard
Dunnill, of this city, officiating.

The happy couple left on the 1:30
o'clock train for Dunnellon, the home
of the groom amid a shower of rice
and old shoes.

the dolly varde candidate will take
restksi for a year or twoski.—Sanford
Chronicle.

The Ocala Daily Banner recently
issued a special trade edition de-
scribing in detail the advantages of
White Springs, Fla. Editor Frank
Harris is to be complimented on the
work, for it is well done.—DeLand
